

SAFETY, HEALTH, ENVIRONMENT & COMMUNITY POLICY

Wallbridge is committed to carrying out its activities in a socially responsible and ethical manner, that prioritises health and safety, engages local communities and minimises the impacts to the natural environment. In doing so, we **Meet or Exceed** all applicable laws and regulation.

In Safety and Health:

The company ensures that;

- Safety and Health Risks are identified assessed and managed
- Policies are developed and implemented in support of our Safety and Health goals
- Employees are trained and instructed in their assigned tasks
- Our employees are treated with respect and dignity

For the Environment:

The company ensures that;

- Environmental Risks are identified, assessed and managed
- We work with our stakeholders to develop effective measures to protect the environment
- Our work complies with or exceeds the regulatory requirements for the areas in which we operate
- Employees understand and are able to fulfill their environmental responsibilities

With respect to Local communities, Indigenous communities and stakeholders:

The company ensures that;

- We identify and manage social impacts, risks and opportunities
- We consult and work with indigenous peoples and communities where we operate to ensure we generate value for all of our stakeholders

At Wallbridge, we communicate this policy to our employees, contractors, suppliers, visitors, local communities and the general public.
