NOTICE-AND-ACCESS

Notice is also hereby given that the Company has decided to use the notice-and-access method of delivery (“**Notice-and-Access**”) of Meeting Materials (as defined below) for the Meeting. Notice-and-Access allows the Company to deliver the Meeting Materials over the internet in accordance with the Notice-and-Access rules adopted by the Ontario Securities Commission under National Instrument 54-101-*Communication with Beneficial Owners of Securities of a Reporting Issuer*. Under the Notice-and-Access system, Shareholders still receive a proxy or voting instruction form (as applicable) enabling them to vote at the Meeting. However, instead of a paper copy of the Information Circular, the annual financial statements and related management’s discussion and analysis and other information (the “**Meeting Materials**”), Shareholders receive this notification with information on how they may access such materials electronically. The use of this alternative means of delivery is more environmentally friendly as it will help reduce paper use and will also reduce the cost of printing and mailing materials to Shareholders. **Shareholders are reminded to review the Meeting Materials prior to voting.**

WEBSITES WHERE MEETING MATERIALS ARE POSTED

Materials can be viewed online under the Company’s profile at <https://www.sedarplus.ca/landingpage/>, at <https://docs.tsxtrust.com/2016> or on the Company’s website at <https://wallbridgeminig.com/investors/agm/>. The Company will not use procedures

known as “stratification” in relation to the use of Notice-and-Access provisions. Stratification occurs when a reporting issuer using Notice-and-Access provides a paper copy of the Management Information Circular to some Shareholders with this notice package.

HOW TO OBTAIN PAPER COPIES OF THE MEETING MATERIALS

Registered holders or beneficial owners may request paper copies of the Meeting Materials be sent to them by postal delivery at no cost to them. Requests may be made up to one year from the date the Meeting Materials are posted on the Company’s website. personally or electronically or by telephone by directors, officers and employees of the Company at nominal cost. The cost of solicitation by management will be borne by the Company.

- (1) In 2023, directors' fees earned and all other compensation of \$381,534 was settled by issuing a total of 2,335,177 DSUs, with an average grant price of \$0.13, in lieu of cash payment. The remaining fees of \$80,662 were payable in cash.
- (2) The values in this column represent a Black-Scholes-Merton evaluation of the option-based awards based on the grant date fair value recognition provisions of IFRS 2 and may or may not be realized. Refer to footnote (3) in the Summary Compensation table for details concerning the measurement inputs and assumptions used in the pricing model for the 2023 financial year.
- (3) Shawn Day did not stand for re-election at the Annual Meeting of Shareholders held on June 8, 2023.
- (4) Parviz Farsangi retired as a director on October 10, 2023.

3) DIRECTOR EQUITY OWNERSHIP REQUIREMENT

In 2021, a Director Equity Ownership Requirement was introduced that requires all directors to own Wallbridge Common Shares or DSUs. The current minimum share ownership requirement for directors is a value equivalent to three times the annual base cash retainer of \$30,000 for directors who are not NEOs (i.e., \$90,000). For the Chair, the current minimum share ownership is equivalent to three times the annual base cash retainer of \$56,250 (i.e., \$168,750)

Directors are required to have at least 50% of their compensation paid as DSUs until this ownership threshold is achieved. If the annual base cash retainer is increased, directors will be required to achieve the required minimum equity ownership level within two years of the effective date of the retainer increase. Once the minimum equity ownership level is achieved, each individual is required to maintain his or her minimum ownership level throughout his or her term as a director of the Company and securities may not be the object of specific monetization or other hedging arrangements to reduce or offset exposure to the market value of these holdings.

The value held shall be determined as of December 31 of each year based on the greater of the initial acquisition cost and the then 200-day volume-weighted average price of the common shares of the Company on the Toronto Stock Exchange. For further certainty, options to purchase common shares do not count towards the equity ownership requirement but outstanding DSUs are permitted to be included in the equity value calculation. The Board may establish, from time to time, limits on what proportion of the minimum share ownership requirements may be satisfied by holdings of DSUs. As of December 31, 2023 one director, Danielle Giovenazzo, did not meet the minimum share ownership requirement and has elected to receive 50% of 2024 director fees in DSUs.

4) OPTION-BASED AND SHARE-BASED COMPENSATION FOR DIRECTORS

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

1) COMPENSATION PRINCIPLES

(A) COMPENSATION PHILOSOPHY

The Company's compensation principles are designed to attract, retain, motivate, and reward high performing senior management throughout the organization. The Compensation and

HR Committee and the Board have approved a compensation philosophy that reflects the following:

Overall compensation will consist of base salary, short term incentives (performance-based cash bonus) and long-term incentives (option-based awards) (plus benefits for eligible employees). A substantial amount of pay is delivered through incentive compensation (short- and long-term) to align executives with the interests of the Company's Shareholders.

Wallbridge supports the principle of setting base salaries based on the median compensation of a peer group of similar companies. Objective salary data and industry pay statistics are used to inform compensation decisions. Decisions are responsible, defensible and aligned with the interests of the Company's Shareholders.

(B) COMPENSATION TIMETABLE

The Compensation and HR Committee establishes an annual Compensation Timetable to govern all compensation decisions and activities for the year, including specific responsibilities for final review, approval, and timelines. In general, compensation activities are undertaken as follows:

December-March:	<ul style="list-style-type: none">• Develop 2024 corporate scorecard.• Review Compensation and HR Committee charter.• Determine year-end performance results against 2023 corporate scorecard.• Identify engagement drivers/systems, statistics.• Review of peers and survey data.• Size LTIP grants.• Draft incentive plan payouts.• Determine compensation levels and packages.• Draft proxy circular.• Award Omnibus Plan grants.
April:	<ul style="list-style-type: none">• Develop compensation timetable.• Update on achievement of 2024 corporate scorecard.• Evaluate engagement drivers/systems, statistics.• Review compensation timetable with Board.• Review compensation feedback.
Other:	<ul style="list-style-type: none">• Throughout the remainder of the year, the Compensation and HR Committee also deals with other important topics including:<ul style="list-style-type: none">• Succession planning for staff and NEO positions.• Ongoing performance review.• Compensation philosophy and peer criteria.• Development of next year's scorecard.

The compensation discussion and information contained in this Management Information Circular reflects the Compensation and HR Committee activities undertaken in the 2023 calendar year.

(C) PEER GROUP

Prior to selecting specific industry peers to benchmark compensation, the Compensation and HR Committee identified, and the Board approved, specific criteria that would be used for the selection of peers. The goal was to use criteria that reflected the actual state of Wallbridge’s current business, not what Wallbridge could become in the future. By establishing the criteria in advance, subjectivity could be reduced and specific peers could be selected objectively. The selected criteria included:

- Market Capitalization
- Assets: Exploration and development stage assets with mineral resources.
- Commodity: Focus on gold, with less emphasis on base metals.
- Complexity: Canadian only or primarily Canadian assets, preference for exploration.
- Headquarters: Canada.

On recommendation of the Compensation and HR Committee, several of the more advanced stage mining companies were dropped from the 2022 peer group, and several additional exploration/development stage companies were added for 2023. The selected peers were:

Maple Gold Mines Ltd.	Moneta Gold Inc.	Fury Gold Mines Limited	Troilus Gold Corp.
O3 Mining Inc.	Amex Exploration Inc.	Probe Gold Inc.	Dolly Varden Silver Corp.
Ascot Resources Ltd.	Western Copper & Gold Corporation	Skeena Resources Ltd.	First Mining Gold Corp.

The current members of the Compensation and HR Committee are Brian Christie (Chair), Danielle Giovenazzo and Michael Pesner. Additional information regarding the members and the charter of the Compensation and HR Committee can be found under the heading "Item 16 - *Statement of Corporate Governance Practices*."

(B) INDEPENDENT ADVICE

The Compensation and HR Committee has the authority to retain independent counsel and other experts, or advisors as considered advisable to assist the Compensation and HR Committee in carrying out its duties.

(C) COMPENSATION COMMITTEE ACTIVITIES

In 2023, Compensation and HR Committee activities included:

- Updating the enhanced performance metrics and KPI (key performance indicators) program established in 2022 that incorporates weightings for specific roles and threshold, target and maximum ratings for numerical targets.
- Reviewing actual performance of the Company and officers versus pre-established performance targets and recommendations of performance-based cash bonus awards.

- Confirming and aligning the compensation philosophy, peer criteria and peer selection.
- Reviewing the total remuneration for officers and directors and recommending 2023 remuneration to the Board.
- Conducting a formal review of individual officer performance.
- Maintaining a formal succession plan for officers and recommendations for career and leadership development.
- Completing an annual review of the Compensation and HR Committee Charter.

(D) MANAGING COMPENSATION RISK

The Compensation and HR Committee and the Board, in performing their duties and exercising their powers under their mandate, consider the implications of the risks associated with the Company's compensation policies and practices. This includes identifying any such policies or practices that encourage executive officers to take inappropriate or excessive risks; identifying risks arising from such policies and practices that are reasonably likely to have a material adverse effect on the Company; and considering the risk implications of the Company's compensation policies and practices and any proposed changes.

The Compensation and HR Committee and the Board have incorporated the following into the compensation program to ensure that officers are compensated fairly and in a manner that does not cause undue risk or encourage excessive risk-taking:

- The Compensation and HR Committee reviews and recommends the remuneration for all officers, including base salary, performance-based cash bonus and share-based awards to the Board for review and approval.
- Officer compensation is reviewed annually, and industry benchmarking is used to assess competitiveness and appropriateness.
- Corporate objectives, which incorporate both quantitative and qualitative measures that are aligned with the business plan, are established each year for the annual performance-based cash bonus. These objectives are reviewed by the Compensation and HR Committee and approved by the Board.
- A consistent compensation structure, based on facts and data, is applied to officers and all other employees.

3) 2023 COMPENSATION

(A) COMPENSATION STRUCTURE

The compensation structure for NEOs consists of a base salary, short term incentives (performance-based cash bonus) and long-term incentives (option-based awards). This structure reflects the Company's current status as an exploration company.

(B) BASE SALARY

The base salary is considered fixed compensation and is reviewed annually.

(C) PERFORMANCE-BASED CASH BONUS

The performance-based cash bonus is intended to incent and reward NEOs for the achievement of the Company’s annual business objectives. The short-term incentives (performance-based cash bonus) represent at-risk compensation and payment depends on the achievement of pre-determined performance targets and KPI’s. The short-term incentive targets are based on a percentage of salary for each position.

The following table summarizes the performance-based cash bonus targets for NEOs.

Position	2023 Target as % of Base Salary
CEO	50%
CFO	35%
VP Exploration	35%
VP Finance	30%

Prior to 2021, the Company based the short-term incentive solely on corporate performance, but in 2021, additional weightings, as a percentage of salary, were included to reflect the impact that individual executive performance has on the attainment of the specific targets.

Specific performance metrics are established annually and reflect the Company’s strategy, goals, and annual budget. For 2022 and 2023, the performance metrics fell into four categories: Health & Safety and ESG, Value Creation, Financial Performance and Shareholder Return. Within each of these categories, key performance indicators were determined, and a target score was established for each one.

Health & Safety and ESG:

The Health & Safety and ESG metrics reflect the Company’s commitment to health and safety, the environment, our employees, and communities. The Company believes that ESG performance plays a foundational role in supporting its ability to create sustainable, long-term value that enhances the business, the environment, and the communities in which it operates. Building comprehensive HR plans and HSEMS frameworks now, will give the Company the building blocks it will need to grow the business. The Health & Safety and ESG metric represented 20% of the overall performance score.

VALUE CREATION:

The Value Creation metrics for 2023 focused on the expansion of Martiniere, the preliminary economic assessment (PEA) and regional exploration. The Value Creation metric represented 30% of the overall performance score.

FINANCIAL PERFORMANCE:

The Financial Performance metric focuses on financing and adherence to the annual budget. On aggregate, the Company achieved the target score. The Financial Performance metric represents 20% of the overall performance score.

SHAREHOLDER RETURN:

The Shareholder Return metric represents 30% of the overall performance score. The Company did not achieve the requisite share price improvement and increase in analyst coverage during the year.

The specific Performance Metrics and key performance indicators are outlined in the table on the following page. In addition, threshold, target and maximum weightings were established for the operation's key performance indicators and those that were numerically based.

CATEGORIES	PERFORMANCE METRIC	KPI TARGET SCORE %	KPI ACTUAL SCORE %
HEALTH & SAFETY AND ESG	<ul style="list-style-type: none"> Health & Safety Record (Total Reportable Injury Frequency, TRIF) 	10	12
	<ul style="list-style-type: none"> Implement cultural awareness program: computer based training, cultural events, (100% compliance by all workers) 	5	0
	<ul style="list-style-type: none"> Establish recycling program (Solid waste reduction, water use reduction) 	5	5

VALUE CREATION	<ul style="list-style-type: none"> Significant expansion of known mineralized footprint of the Martiniere gold system (new zones, extensions at depth and along strike, >200 metres from MRE)" 	10	5
	<ul style="list-style-type: none"> Deliver a PEA (>\$500mm after tax NPV5% and 15% after tax IRR) 	10	5
	<ul style="list-style-type: none"> Regional Exploration 	10	0
	Subtotal	10/30 (33%)	
FINANCIAL PERFORMANCE	<ul style="list-style-type: none"> Complete Financing of \$20 million 	10	10
	<ul style="list-style-type: none"> Compliance with approved 2023 Budget 	10	10
	Subtotal	20/20 (100%)	
SHAREHOLDER RETURN	<ul style="list-style-type: none"> Share Price Improvement against peers 	20	0
	<ul style="list-style-type: none"> Increase Analysts Coverage 	10	0
	Subtotal	0/20 (0%)	
TOTALS		47/100 (47%)	

Overall, the achieved KPI score for the Company in 2023 was 47%.

As noted above, in 2021, the Company introduced weightings as a percentage of salary to each category to better reflect the influence that specific executives had on the attainment of these metrics. Once the weightings have been accounted for, the performance-based cash bonus for the NEOs, are the following:

Target Payout (% of Salary)					Actual Payout (% of Salary)					
	Health & Safety and ESG	Value Creation	Financial Performance	Shareholder Return	Target (as a % of salary)	Health & Safety and ESG (85% rating)	Value Creation (33.3% rating)	Financial Performance (100% rating)	Shareholder Return (0% rating)	Actual Payout (as a % of salary)
CEO	25 %	20 %	25 %	30 %	50.0%	21.25 %	6.67 %	25 %	0 %	26.5%
CFO	25 %	15 %	30 %	30 %	35.0%	21.25 %	5.0 %	30 %	0 %	21.4%
VP Exploration	25 %	35 %	20 %	20 %	35.0%	21.25 %	11.6 %	20 %	0 %	18.5%
VP Finance	25 %	15 %	30 %	30 %	30.0%	21.25 %	5.0 %	30%	0 %	17.6%

Performance based cash bonuses are recommended by the Compensation and HR Committee and approved by the Board. Bonuses for 2023 performance were paid in 2024.

(D) LONG-TERM INCENTIVE PLANS

The long-term incentive plans under the Omnibus Share-Based Compensation Plan (the “**Omnibus Plan**”), described below, were established to attract, retain, motivate and reward senior management, directors, employees and contractors with a variable incentive that rewards performance and commitment and aligns their interests with those of Shareholders. The Compensation and HR Committee believes that long term incentives, in the form of option-based awards, reward value creation and are appropriate given Wallbridge’s status as an exploration company. Although the Omnibus Plan discusses RSUs, no RSUs have been awarded since 2017.

Stock option granted in 2023 are included in the Summary Compensation Table.

Awards are recommended by the Compensation and HR Committee for approval by the Board.

(E) PERFORMANCE GRAPH

The following performance graph (“**Performance Graph**”) shows the change in the Company’s share price relative to the return on the S&P/TSX Global Gold Index and the S&P/TSX Composite Index, assuming an investment of \$100 on the first day of 2019. Effectively, the Performance Graph measures the difference between the price for the Company’s Common Shares at the beginning of January 2019 and the price of those Common Shares through to December 31, 2023, as compared to the two indices described above.

During the 5-year period from 2019 to 2023, the Company's share performance has generally exceeded that of the two indices. The Company's share price has seen a steady decline since its record peaks in the second and third quarter of 2020. This share decline is attributed to a number of factors including the current stage of the Company's exploration along Detour-Fenelon Gold Trend (being in the resource stage) as well as the recent lack of market interest in non-producing companies.

In 2019, the Company introduced the formal performance-based cash incentive program linked to specific performance metrics and KPI's to ensure alignment with Company performance. The actual percentage achieved Company-wide was 95% for 2019, 79% for 2020, 63.5% for 2021, 78.0% for 2022 and 47% for 2023.

4) OMNIBUS PLAN

The Company's Omnibus Plan was formally adopted by the Shareholders on May 23, 2013 and ratified most recently by the Shareholders on May 10, 2022. Under Toronto Stock Exchange rules, the Omnibus Plan must be approved every three years by the Shareholders of the Company and all then unallocated entitlements under the Omnibus Plan must be ratified by the shareholders of the Company. As such, the Omnibus Plan is being presented for approval by the shareholders of the Company at the Meeting.

The Omnibus Plan also provides for the use of DSUs as partial payment of directors' fees. A DSU is a notional share that has the same value as one of the Company's shares. Under the Omnibus Plan, directors may choose, with the consent of the Company, to take all or part of their fees, in DSUs. DSUs are paid out to directors as common shares when they retire from the Board. A retiring director can defer the payout of his/her DSUs to the year following his/her departure from the Company.

The use of DSUs enhances the alignment of director interests more closely with those of the Shareholders while also preserving cash for the Company.

No cash settlements are made in respect of vested stock options, RSUs or DSUs; settlement is made in the form of common shares only.

The Compensation and HR Committee examines the amount and terms of outstanding options, other share-based awards and cash position of the Company when determining whether and how many new share-based awards will be granted. As noted above, the Compensation and HR Committee also considers the compensation which comparable

companies make available to their directors, officers and employees when granting share-based awards under the Omnibus Plan, see Compensation Philosophy above.

Ultimately, the Omnibus Plan provides the Company with additional reward measures which are tied to performance, and which allow the Company to enhance alignment of the grantee's short- and long-term interests with those of Shareholders.

Further information concerning the Omnibus Plan can be found under "Item 9 - Securities Authorized for Issuance under Equity Compensation Plans."

As of the date of this document, a total of 39,922,821 Awards were outstanding under the Omnibus Plan which represents approximately 4% of the common shares outstanding. Based on 1,016,249,538 common shares outstanding as of the date of this Information Circular, the Company may grant an additional 61,702,133 Awards under the Omnibus Plan, which represents approximately 6% of the outstanding common shares. As a result of the Balmoral Resources Ltd. ("**Balmoral**") acquisition in 2020, the Company has an additional 1,597,500 stock options outstanding held by former Balmoral employees and consultants.

The features of the Awards that may be issued under the Omnibus Plan are summarized below.

Item 9. SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

The Omnibus Plan

The Company's original Omnibus Share Based Compensation Plan was adopted by shareholders on May 9, 2013, and ratified by the Shareholders on May 12, 2016 (the "**Original**

Omnibus Plan”). On May 25, 2022, the Original Omnibus Plan was most recently ratified by the Shareholders, as were certain amendments to the Original Omnibus Plan, along with certain other non-material amendments (previously defined herein as the “**Omnibus Plan**”).

The following is a summary of the important provisions of the Omnibus Plan. It is not a comprehensive discussion of all of the terms and conditions of the Omnibus Plan.

Purpose. The purpose of the Omnibus Plan is to advance the interests of the Company by encouraging employees, consultants and non-employee directors to receive equity-based compensation and incentives, thereby (i) increasing the proprietary interests of such persons in the Company, (ii) aligning the interests of such persons with the interests of the Company's shareholders generally, (iii) encouraging such persons to remain associated with the Company, and (iv) furnishing such persons with additional incentive in their efforts on behalf of the Company. The Board also contemplates that through the Omnibus Plan, the Company will be better able to compete for and retain the services of the individuals needed for the continued growth and success of the Company.

Administration. Under the Omnibus Plan, the Board may, at any time, appoint a committee to, among other things, interpret, administer and implement the Omnibus Plan on behalf of the Board in accordance with such terms and conditions as the Board may prescribe, consistent with the Omnibus Plan.

Eligible Persons. Under the Omnibus Plan, awards may be granted to any non-employee director, officer, employee, or consultant, or any of its affiliates. A participant (also known as a grantee) is an eligible person to whom an award has been granted under the Omnibus Plan.

Number of Securities Issued or Issuable. Subject to the adjustment provisions provided for in the Omnibus Plan and the applicable rules and regulations of all regulatory authorities to which the Company is subject (including any stock exchange), the total number of Common Shares reserved for issuance pursuant to the Omnibus Plan shall not exceed 10% of the issued and outstanding Common Shares, which number shall not include Common Shares reserved for issuance pursuant to the existing Omnibus Plan.

If an outstanding award for any reason expires or is terminated or is cancelled without having been exercised or settled in full, the Common Shares will again be available for issuance under the Omnibus Plan.

Maximum Grant to Any One Participant. The number of Common Shares issued to insiders within any one year period and issuable to the insiders at any time under the Omnibus Plan or when combined with all the other security based compensations arrangements of the Company (as determined under the rules of the TSX) shall not exceed 10% of the total issued and outstanding Common Shares, respectively; and the number of Common Shares issued, or reserved for issuance with respect to awards, to any one insider within any one year period under the Omnibus Plan and all other Company security-based compensation arrangements (as determined under the rules of the TSX) shall not exceed 5% of the total issued and outstanding Common Shares.

For the purposes of determining compliance with the above restrictions, the granting authority will take into account Common Shares reserved or issued pursuant to options together with Common Shares reserved or issued pursuant to all of the Company's security-based compensation arrangements to the extent required by applicable law and applicable rules of the TSX.

Exercise Price of Options. The exercise price per Common Share for options is recommended by the Company's Compensation and HR Committee provided that the exercise price at the time of the grant must not be lower than the closing price for such shares as quoted on the TSX on the last business day prior to the date of grant or, in the alternative, not lower than the 5 day weighted average trading price of the shares for the last 5 days that the shares traded on the TSX prior to the date of grant.

Term of Options. Subject to an extension in the case of a blackout period, the term of options granted will be recommended to the Board by the Compensation and HR Committee and specified in the option agreement pursuant to which such option is granted, provided that the date cannot be the earlier of: (i) the date which is the 10th anniversary of the date on which such option is granted; and (ii) the last date permitted under the applicable rules and regulations of all regulatory authorities to which the Company is subject.

Restricted Share Units ("RSUs"). RSUs granted pursuant to the Omnibus Plan are used to compensate participants for their individual performance-based achievements and are intended to eventually supplant stock option awards in this specific respect. The goal of such grants is to more closely tie awards to individual performance based on established performance criteria. At the present time there are no RSUs outstanding.

Deferred Share Units ("DSUs"). DSUs granted pursuant to the Omnibus Plan are used as a means of reducing the cash payable by the Company in respect of director compensable amounts. In so doing, the interests of non-employee directors will become more closely aligned with those of the Company and its Shareholders. Deferred Share Units are only available for grant to non-employee directors and vested DSUs will be settled upon the date on which the grantee ceases service as a director and is not at that time an employee or officer of the Company or a related entity.

Transfer Restrictions. Unless otherwise provided in the instrument of grant evidencing an award, no award, and no rights or interests therein, shall or may be assigned, transferred, sold, exchanged, encumbered, pledged, or otherwise hypothecated or disposed of other than by testamentary disposition by the grantee or the laws of intestate succession. No such interest shall be subject to execution, attachment or similar legal process including without limitation seizure for payment of the grantee's debts, judgments, alimony, or separate maintenance.

In the case where transfer is made following the death of a grantee to the grantee's legal personal representative, such legal personal representative may only receive the entitlement under the award provided that it is exercised (if exercisable) at any time up to and including, but not after, 5:00 o'clock in the afternoon (Eastern Time) on the date which is one year following the date of death of the grantee or up to 5:00 o'clock in the afternoon (Eastern Time) on the date on which the award granted to such grantee expires, whichever is the earlier; such entitlement shall only occur in cases where the award has vested in accordance with the

provisions of the Omnibus Plan and where it is found that the grantee is legally entitled to the award.

Cessation. Unless the Granting Authority, as defined in the Omnibus Plan, determines otherwise, awards granted shall terminate at the earlier of the expiry date and: i) at the date the Company ends the grantee's employment for cause; ii) in the case of Eligible Retirement, as defined in the Omnibus Plan, on the expiration date of any vested awards as of the date of Eligible Retirement; iii) as a result of total disability or death any non-vested portion of any outstanding award that has not already terminated shall immediately terminate, any Vested Option shall expire the later of the first anniversary of such termination of employment as a result of total disability or death; or the first anniversary of such person's death during the Applicable Post-Retirement Period or the Applicable Post-Disability Period as defined in the Omnibus Plan.

Procedure for Amending. Subject to the terms of the Omnibus Plan and any applicable requirements of the TSX, the Company's Compensation and HR Committee has the right at any time to amend the Omnibus Plan or any award agreement thereunder, provided that Shareholder approval has been obtained by ordinary resolution. Notwithstanding the foregoing, Shareholder approval is not required for the amendments set out below (unless and to the extent prohibited by applicable law or rule of a stock exchange):

- (a) amendments of a technical, clerical or "housekeeping" nature including, without limiting the generality of the foregoing, any amendments for the purpose of curing any ambiguity, error or omission in the Omnibus Plan or to correct or supplement any provision of the Omnibus Plan that is inconsistent with any other provision of the Omnibus Plan;
- (b) amendments necessary to comply with the provisions of applicable law and the applicable rules of the TSX;
- (c) amendments necessary in order for awards to qualify for favourable treatment under the *Income Tax Act* (Canada) or under the United States *Internal Revenue Code*;
- (d) amendments respecting administration of the Omnibus Plan including, without limitation, the method or manner of exercise of any award;
- (e) any amendments to the vesting provision of the Omnibus Plan or any award;
- (f) any amendments to the early termination provisions of the Omnibus Plan or any award, whether or not such award is held by an insider, provided such amendment does not entail an extension of an award beyond the original expiry date;
- (g) any amendments in the termination provision of the Omnibus Plan or any award, other than an award held by an insider in the case of an amendment extending the term of an award, provided any such amendment does not entail an extension of the expiry date of such award beyond its original expiry date;
- (h) the addition of any form of financial assistance by the Company for the acquisition by all or certain categories of participants of Common Shares under the Omnibus Plan, and the subsequent amendment of any such provision;
- (i) the addition or modification of a cashless exercise feature, payable in cash or Common Shares, which provides for a full deduction of the number of underlying Common Shares from the Omnibus Plan reserve;

- (j) adjustments to outstanding awards in the event of a Change of Control or similar transaction entered into by the Company;
- (k) amendments necessary to suspend or terminate the Omnibus Plan; and
- (l) any other amendment, whether fundamental or otherwise, not requiring Shareholder approval under applicable law or the rules of the TSX.

Financial Assistance. The Company does not provide financial assistance to participants to facilitate the purchase of Common Shares upon the exercise of options granted under the Omnibus Plan.

Other Material Information. Appropriate adjustments to the Omnibus Plan and to awards granted thereunder will be made by the Company to give effect to adjustments in the number and type of Common Shares (or other securities or other property) resulting from subdivisions, consolidations, substitutions, or reclassifications of Common Shares, payment of stock dividends or other prescribed changes in the Company's capital. In the event of any merger, acquisition, amalgamation, arrangement or other scheme of reorganization that results in a Change of Control, the Compensation and HR Committee will, in an appropriate and equitable manner: (i) determine the purchase price or exercise price with respect to any award, provided however, that the number of Common Shares covered by any award or to which such award relates is always a whole number; or (ii) determine the manner in which all unexercised option rights granted under the Omnibus Plan will be treated; or (iii) offer any participant the opportunity to obtain a new or replacement option over any securities into which the Common Shares are changed or are convertible or exchangeable, on a basis proportionate to the number of Common Shares under option and the exercise price (and otherwise substantially upon the terms of the option being replaced, or upon terms no less favourable to the participant). Additionally, in the event of a Change of Control, vesting of awards is accelerated to the date which is immediately preceding the Change of Control date. The Omnibus Plan does not provide for the ability to transform a stock option into a stock appreciation right involving an issuance of securities from treasury.

The following table provides additional data with respect to the Omnibus Plan as at December 31, 2023:

customers, suppliers, partners, service providers, competitors, employees and anyone else with whom he or she has contact in the course of performing his or her job. While the Code does not, and cannot, deal with every situation that may arise, the principles outlined in the Code should be seen as providing a baseline for honest and ethical decision-making. The Company shall ensure that each director, officer and employee is provided with a copy of the Code and signs an acknowledgment of receipt and review.

All directors, officers and employees are required to be familiar with the Code, comply with its provisions and report any suspected violations.

The Board has also adopted a Whistleblower Policy, monitored by the Audit committee, that contains procedures that allow directors, officers and employees to confidentially and anonymously submit their concerns without fear of retaliation to an independent third-party regarding questions of accounting, internal controls or auditing matters.

The Whistleblower Policy governs the receipt, retention and treatment of complaints regarding the accounting, internal accounting controls or auditing matters of the Company and to protect the confidential, anonymous reporting of employees' concerns regarding questionable accounting or auditing matters or breaches of the Code of Business Conduct and Ethics.

Assessments

The Corporate Governance and Nominating Committee is responsible for regularly assessing the Board, its Committees and each individual director regarding his, her or its effectiveness

and contribution and reviewing and assessing (i) the size, composition and operation of the Board to ensure effective decision making; and, (ii) the size, composition and chairs of the Committees of the Board.

In conducting its evaluation, the Corporate Governance and Nominating Committee gathers feedback regarding the overall assessment of the Board, of committees of the Board and of individual directors through verbal discussions with individual directors and during meetings of the Board, and through the use of a comprehensive confidential written questionnaire.

Director Term Limits

Given the evolution of the Company, the Board has not historically limited the number of terms a director may serve due to the time and effort necessary for each new director to become familiar with the business of the Company. As an alternative to term limits, in addition to reviewing director performance on an annual basis as part of assessing the composition of the Board, the Corporate Governance and Nominating Committee considers, among other things, the tenure of the existing directors and appropriate mix of tenures, as well as board succession planning. This has resulted in the following Board turnover over the last three years: in 2021, two directors left the board and one director was subsequently added; in 2022, two directors were added and in 2023 one director elected not to stand for re-election and two directors left the Board. The average tenure of the nominee directors at the Meeting is approximately three years.

Succession Planning

The Board and the Compensation and HR Committee regularly consider succession planning for both the Board and management as part of the overall compensation, leadership and development strategy of the Company.

Diversity

The Board and the Corporate Governance and Nominating Committee believe that diversity and inclusion provide a depth of perspective and enhance the overall operation of both the Board and the Company generally. The Company has adopted a written Board Diversity Policy and, in 2023, also adopted a written diversity policy for all staff.

The Company has gradually reduced the size of the Board and has not replaced the Non Executive Directors who retired in 2023. As additional Directors are required in the future, the Company will continue to follow the Board Diversity Policy.

In the meantime, the Company has two female directors, Danielle Giovenazzo and Janet Wilkinson, who represent 29% of this year's seven nominees. Both have been appointed to Board leadership roles as Chair of the Technical Committee and Chair of the Corporate Governance and Nominating Committee, respectively.

The Board Diversity Policy is as follows:

Purpose

The Board of Directors (“**Board**”) values the benefits that diversity can bring to the Board. Diversity promotes the inclusion of different perspectives and ideas, mitigates against group think and improves oversight, decision-making and governance. Diversity on the Board also demonstrates the Company's commitment to diversity at all levels within the Company.

The Company is also committed to fostering an inclusive culture based on merit and free of conscious or unconscious bias.

At all times, the Company seeks to maintain a Board comprised of talented and dedicated directors with a diverse mix of experience, skills and backgrounds collectively reflecting the strategic needs of the business and the nature of the environment in which the Company operates. When assessing Board composition or identifying suitable candidates for appointment or re-election to the Board, the Company will consider candidates using objective criteria having due regard to the benefits of diversity and the needs of the Board. For purposes of this policy, diversity includes, but is not limited to, business experience, geography, age, gender, visible minorities, Aboriginal peoples, persons with disabilities, sexual orientation and other personal characteristics.

The Board is required to report annually to shareholders on the diversity of its members, including the number and percentage of women directors.

With a view to enhancing Board diversity, the Board has adopted the following practices:

- When recruiting new candidates for director, search protocols will extend beyond the networks of existing Board members and will include the identification of a reasonable proportion of diverse candidates.
- Any search firm engaged to help identify candidates for appointment to the Board will be specifically directed to include diverse candidates.
- In the event the Board maintains an ongoing list of potential director candidates, the Board will ensure that such list includes diverse candidates.

The Company believes promotion of diversity is best served through careful consideration of all of the knowledge, experience, skills and backgrounds of each individual candidate for director in light of the needs of the Board, but seeks to maintain a Board in which each gender represents at least 30% of the directors.

When assessing the composition of the Board, the principal focus is on ensuring the Board has the diverse experiences, skills and backgrounds needed to oversee collectively the business of the Company and the Company takes a balanced approach when considering the extent to which personal characteristics are taken into account. The Board seeks to maintain diversity in membership of its Committees and in Board leadership roles and will consider diversity when assigning chair roles for the Board and its committees.

Administration, amendment and communication

The Corporate Governance and Nominating Committee is responsible for monitoring the application of, and compliance with, this Policy and will review this Policy and assess its effectiveness in promoting a diverse board and report its findings to the Board on an annual basis.

As previously mentioned, in 2023, the Company adopted a formal Diversity Policy for all staff. Diversity statistics, including female and indigenous employment are tracked and reported in the Wallbridge Mining Sustainability Report. One NEO, Mary Montgomery, is female (25%).
